

Download High Yield Histology High Yield Series

Save time diagnosing skin diseases with *Dermatopathology*, edited by Drs. Nooshin Brinster, Vincent Liu, Hafeez Diwan, and Phillip McKee. Part of the High-Yield Pathology Series, this title is designed to help you review the key pathologic features of skin disease, recognize the classic look of each disease, and quickly confirm your diagnosis. Be prepared for your courses and board exams with *BRS Cell Biology and Histology*! Acclaimed for its easy-to-read, easy-to-scan outline format, this edition saves time and boosts test-taking confidence.

3. High Yield Notes: Less known are the Goljan High Yield Pathology Notes. The format that is available on the internet is not ideal, but I do think that these notes can be very useful. The document is a very rapid review of the pathology associations that are most common and most important to Steps 1 and 2. Histology textbooks are NOT recommended for the study of nervous tissue. Most histology textbooks begin with relatively insignificant, and often misleading, details rather than emphasizing features important for understanding nervous tissue function.
