PHILADELPHIA—“Breast cancer is the most frequent misdiagnosis leading to professional liability litigation, and the most common breast cancer malpractice lawsuit is for misdiagnosis,” Kenneth Kern, MD, said at a 47th Annual Clinical Meeting of the American College of Obstetricians and Gynecologists. Defense of Breast Cancer Malpractice Claims ... ProMutual provides professional liability coverage for more than 70% of all practitioners in Massachusetts. A total of 156 breast cancer cases were handled by ProMutual between January 22, 1986, and November 20, 1997. ...Breast cancer is suffered by almost 10% of women. Delay in the diagnosis of breast cancer results in many medical malpractice cases. The first category involve a diagnosis of a benign lump which later shows to be cancerous. The second category involve cases where no lump is noticed during an examination.
